

Dear Prime Minister

Australians would be most upset and disturbed to know of the inhumane conditions and humiliating treatment in detention facilities in Australia.

It is inhumane to detain innocent people (who have not committed any crime and are merely seeking a safe place to live) with common criminals. This has led to use of excessive force by Serco guards for simple requests resulting in major injuries to these innocent people.

It is humiliating to routinely use handcuffs when taking detainees to medical appointments. Many are so humiliated they are choosing not to seek medical attention, which is adversely affecting their health.

Please ensure that in Australia: all UN recognised refugees are immediately transferred to the community; detention facilities comply with our commitment to Human Rights Conventions; and contracts with Serco also comply with our HR Obligations.

Yours sincerely
