*Seasons Greetings*

Asylum Seekers Nades, Priya and their two daughters, Kopika and Tharunica were taken by Border Force from their newly adopted home in Biloela Queensland, QLD, in March 2018. They are still in detention. Despite strong support from the people of Biloela and wider Australian community, the government continues to deny them residency. We ask that the children will not face another year in detention and that they will be safely home in Biloela by Christmas.
